PETITION UNDER 37 CFR § 1.181 FOR SUPERVISORY REVIEW

PCT LEGAL OFFICE
Commissioner for Patents
Washington, D.C. 20231

April 5, 2002

Sir:

It has come to the attention of the undersigned attorney that the above-identified application has been associated with a wrong Customer Number. Although the application was filed using the Customer Number 23850, the Patent Office records do not reflect this customer number.

In a telephone discussion with the PCT Legal Office on April 4, 2002, the undersigned attorney learned that a Notice to File Missing Requirements had been mailed on November 14, 2001. This paper was not received by our office, as evidenced by the attached computer docket showing the due dates recorded for November 14, 2001, which would have been the due date for responding to the Notice to File Missing Requirements.

Accordingly, applicants petition for correction of the Patent Office records. Since this error was unavoidable due to a mistake on the part of the Patent Office, it is believed that no fee is due. However, should any fees be deemed necessary for consideration of this petition, please charge our Deposit Account No. 01-2340.

Respectfully submitted,

ARMSTRONG, WESTERMAN & HATTORI, LLP
